SHANKS FOR SPEAKER

Lincoln County, one of the three into which county Kentucky, state of Virginia, was divided in 1780, and one of the nine constituent counties of the state of Kentucky, at the time of its admission to the union of states in 1792, though it has figured prominently in the history of the State from the beginning, yet a representative of Lincoln county has never been called to the speakership of the House of Representatives.

The county will, this year return as its Legislator, Hon. W. H. Shanks, a kinsman of David Shanks, who represented the county in 1832 and 1840, a nephew of Thos. H. Shanks who represented the county in 1875 and 1877, and who himself most worthily represented us in the last General Assembly.

Mr. Shanks who is a large land owner, and who is primarily interested in agriculture, has had that training and experience which eminently qualify him for the speakership of the House, to which position he aspires. In early life he received that systematic training of the merchant which qualifies him for a proper appreciation of the needs of the commercial interests of the state.

He has the benefit of a regular collegiate education, and his power for influence has been broadened by a thorough training in the law and at the bar, where he gave promise of unusual prominence, and developed a convincing and effective style of oratory.

The coming session of the legislature is to deal with some of the most important questions that have come before the law making body of the state in the last quarter of a century and there will be no man in that body better fitted to guide its deliberations than W. H. Shanks.

With McCreary of Madison in the governor's chair, with McDermott, of Jefferson, to preside over the Senate, and Shanks, of Lincoln, Speaker of the House, three of the original nine counties of Kentucky will give the state such leadership and such brand of democracy as will not be excelled in the whole sisterhood of states.

The wanderings of Gov Augustus E. Willson prove embarrassing to his fellow Republicans of the state ticket when they realize that his neglect of duty is daily making votes for the Democrats. The official record shows that he has been absent from Frankfort 239 days in his last three years and a half. He is now on his way to Wequetonising for an additional thirty day's vacation, and it is safe to predict that before his term expires he will have spent 300 days away from his post of duty. Every day that he is absent, the state pays him \$20 in addition to the \$10 that the Lieutenant Governor draws for acting as Governor.

In other words, Governor Willson will draw from the Treasury \$60,000. For services he never rendered and acting Governor Cox will draw \$3,000 additional for doing Willson's work.

This is the sort of extravagance and neglect that the Republican State Convention endorsed when it announced its approval of Governor Willson's administration.

Judge O'Rear says he stands in every plank of that platform, and necessarily he endorses the expenditure.

sive wanderings at Augustus the first and thank God the last.

Judge O'Rear's race for governor is bound to stand or fall on the performance of the present republican state administration which is emphatically indorsed in the republican platform. Here's just one instance of how Willson and his crowd have taken care of the people's interests:

While a republican franchise board reduced assessments of banks and corporations a republican board of equalization on the other side of the hall was raising the assessment on farm lands everywhere from 5 per cent. to 20 per cent. The people voluntarily raised their own assessments \$25,000,000 00, but Gov. Willson's board increased the assessment on farm lands \$61,000,000.

Why were the people thus taken by the throat and fleeced of their hard earnings wrung from the soil? Here is the answer: In a little more than three years Gov. Willson spent \$277,158.87 for an active militia that amateur soldiers might, in answer to his ridiculous manifesto, roam the state and, in idleness, eat the money of the tax-payers. It was absolutely necessary for this sum, in excess of one quarter of a million dollars to be secured either by an increase in the tax rate, or by an increase in the assessment, and preferring this cowardly subterfuge Gov. Willson's board of Equalization raised the taxable values of farm lands \$61,000,000.00.

Judge O'Rear has forgotten to tell the voters just how he is going to jam through the Legislature all the various half-baked measures that are forming in his brain, when nineteen of the hold-over senators, just one-half the senate membership are democrats, and with the probability that the democratic majority in both houses will be over one hundred. They have the votes in the Legislature to carry out the wishes of the people, expressed at the polls, and they have candidates who will redeem their platform pledges to the letter. If by any catastrophe O'Rear happened to be elected Governor, he would have to sit in the governor's office for four years, and do nothing but suck his thumb and appoint notaries public.

Arrangements have been completed whereby we are enabled to offer the daily Courier-Journal until December 30, 1911 and THE INTERIOR JOURNAL one full year for only \$1.80. The regular price of the Courier Journal is 50 cents a month. This is a remarkable offer, and the sooner you send in your order the longer you will get the Courier Journal. The political campaign is on, keep posted by reading the I. J. All orders must be sent to the Interior Journal not to the Courier Journal.

LOOK FOR IT.

Many a Stanford Reader Will Be Interested.

When people read about the cures made by a medicine endorsed from far away, it is surprising that they wonder if the statements are true? But when they read of cures right here at home, positive proof is within their reach, for close investigation is an easy matter. Read Stanford endorsement of Doan's Kidney Pills.

Dawson Barnett, Rowland St., Stanford, Ky., says: "Some time ago I had a severe fall and this, together with the jarring to which I am subject in my work, brought on kidney trouble. For several days I could hardly get about on account of the pains in my back. I also noticed that the passages of kidney secretions were very irregular, especially at night. I decided to cure this trouble before it became chronic and as I knew that Doan's Kidney Pills were good for such complaints, I procured a box at Shugars and Tanner's drug store. Before I had finished the contents, I was entirely cured and I have had no kidney trouble since."

For sale by all dealers. Price 50 cents. Foster—Milburn Co., Buffalo, New York, sole agents for the United States.

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM—it pays better. But you are thinking of the cure not the profit, so there's nothing "just as good" for you. Say so.

Dr. Pierce's Common Sense Medical Adviser, in Plain English, or, Medicine Simplified, 1088 pages, over 700 illustrations, newly revised up-to-date Edition, paper-bound, sent for 21 one-cent stamps, to cover cost of mailing and postage. Cash-bound, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.
